### PointClickCare Creating HHA care plan in the Clinical app December 2022

#### Session Guide:

# Creating a HHA care Plan in the Clinical Application

• After reviewing this guide clinicians will understand how to add HHA care plan in the clinical app

#### PointClickCare<sup>®</sup> Creating HHA care plan in the Clinical app December 2022

## Creating a HHA Care Plan in the Care at Home Clinical Application

1.	Navigate to the patient chart in the clinical app	
Cancel	Appointments To Do Patients	٩
Q Searc	th Patients	
	Americare, Penny	
	в	
	Bear, Baby	
	Blue, Jacob	
	Boxer, Roxi	AB
	Brickers, Jessica	D
	Brickers, Corey	G
	D	LS
	Davis, Sam	T
	E	
	Endtoend, OasisE	
	G	
	Goalie, Sam	

2. Tap on the Care plan tab

Patient	S	
Liz I	Langley	
2	Overview	
	Appointments	
	Vitals	
	Medications	
	Care Plan	>
<b>619</b>	Services	
	Charting	
	Orders	

#### PointClickCare Creating HHA care plan in the Clinical app December 2022

3. Top Right, choose Specialty Home Care Aide (HHA)

4. Choose a care section to add Goals/Interventions to the HHA Care Plan

Patients	Care Section Intervention Goal	Add are Aide 💿 🗿
Baby Bear		
Overview	ACTIVITY + HOME CARE AIDE	
	Provide assistance for optimal well-being r/t activity	vity.
Appointments	+ Provide assistance for optimal well-being r/t activ	vity.
Vitals	+ Custom Goal	
Medications		
Care Plan		
Condens

	Appointments				
		Add Task			
	Vitals	Tasks do not appear on 485			
	Medications				
	Care Plan				
	Services				

5. Once you have added all the items you want in the HHA section you will want to ensure you sync the device so the new care plan items will push to the web and to any open POC order or add to a supplemental order.

Tip: HHA care plans are the only ones added under the tab in the app. All other care plans should be added during documentation of SOC/ROC/Recert/Routine visits.
